Fall 2022

secretary laptop battery dies	person adds themselves back to queue just after finishing	person talking loses their train of thought	queuer forgets a kerb	"I'll put myself on the queue to finish"
queue longer than 10	zoom failure	snarky comment	two strikes in a row	discussion about voting method
queuer moves the line down after writing it	opinionated llama	FREE	the words "plus plus" are used	someone on queue talks for less than ten seconds
talking for over a minute	straw poll	someone uses the wrong animal	someone starts talking, realizes they don't know what they're saying, then strikes	remembering who said something and quoting them directly
over 30 second pause in discussion: no one on queue	a brand new word is invented (e.g. virtuality)	someone makes three or more different points at once	someone references a previous discussion	"I know this has been said already but..."
