Fall 2022

zoom failure	"I'll put myself on the queue to finish"	the words "plus plus" are used	queuer writes something longer than "Q"	snarky comment
someone uses the wrong animal	remembering who said something and quoting them directly	queuer forgets a kerb	person adds themselves back to queue just after finishing	call for people who haven't spoken to talk more
someone starts talking, realizes they don't know what they're saying, then strikes	two strikes in a row	FREE	a brand new word is invented (e.g. virtuality)	over 30 second pause in discussion: no one on queue
forgetting who said something	secretary laptop battery dies	opinionated llama	discussion about voting method	straw poll
queuer moves the line down after writing it	queue longer than 10	someone on queue talks for less than ten seconds	someone makes three or more different points at once	person talking loses their train of thought
